We can inventory your Servo Valves to determine a plan of action

Upgrade your 760 series valves to carbide ball technology during repair

Authentic MOOG 760 Repair	vs. Unauthorized Repair Houses
24 month "Same as New" warranty	12 month warranty
Only Moog OEM parts used	May incorporate used or "pirated" parts (MOOG stopped selling component parts 1997)
Upgraded to latest specs, <i>including carbide ball</i>	No access to current Moog OEM specs
Reputation of Moog servo valves at stake Reduce overall maintenance costs	Revenues generated only by the number of servo valves repaired
Upgraded to carbide ball technology to improve life	No access to current specs nor new torque motor design. The most frequent repair on 760 has been a worn chrome ball

- With the repair order, **we will pick up** the servovalves.
- When **we deliver** the repaired servovalves, we can **discuss the repair reports**, the **returned components** and **help you with root cause analysis**.
- We have some **new digital tools** to help you improve your reliability.

**TRADE-IN your obsolete off-brand servo valves
for NEW HIGH PERFORMANCE MOOG TEST LAB SERVO VALVES**

10% discount from new prices

- Replace obsolete Pegasus, Ultra, Atchley servo valves.
- Replace lower performance off-brand Star, Rexroth, Benchmark and Vickers servo valves
- Replace Pegasus 3-stage valves
