

Control Power Test Equipment

Hydraulic Test Stand for :

- Counter balance Valves
- Directional Control Valves
- Hydraulic Cylinders
- Flow Control Valves
- Hydraulic Motors

Customer Lockheed Martin

Features & Benefits

- Multiple valve voltages (12vdc, 24vdc, 115 vac)
- Amp draw meters for each test voltage
- 2 pressure circuits with manual controls for pressure & flow
- Return flow meter with digital display
- Test Flows up to 10 gpm
- Test pressures up to 3000 psi

Flush & Proof Hose Test Stand

Customer Lockheed Martin & USACCK

Features & Benefits

- Flushing up to 14 gpm
- Pressure testing up to 30,000 PSI
- Digital pressure display
- Nitrogen or Air purge

Control Power Test Equipment

Helicopter Gear Box Test Stand

Features & Benefits

- JIB Crane to assist in loading large gear boxes
- Low RPM gear box drive motor
- Digital readout
 - Flow
 - Pressure
 - Temperature
- Manual Flow and Pressure Controls
 - Flows up to 7 gpm
 - Pressures up to 1900 psi
- Nylon working surface to eliminate damage to test articles when testing

Flow & Pressure Pump Test Stand

Customer: General Dynamics

Features & Benefits

- Variable Speed Drive Motor
 - Selectable pre-set speeds from 250rpm to 2500 rpm
- Dual Flow meters with digital Display (2gph to 225gph)
- Test pressures up to 100 psi
